DAVID J. TURMENE

Dear Paul,

I'm enclosing the attached confidential information on an individual who has been brought to my attention in the Lewiston, Maine area. I have checked with the Police Department and confirmed that no charges are being brought against the individual but feel that for future sake the name should be put into the file and, if he ever attempts to register with Scouting should then have further background check done with the Police Department to find out if any charges have ever come forward since the time of this filing.

Again, the individual is not currently registered and we don't feel that he is going to try to register in our units but we'd like to keep his name on the current Confidential File to remind us in case any future registration occurs.

The attached information is all I have and feel that's all we should get at this point and would like to leave the file closed with just the information attached.

Please advise if you feel we need to deal further with this.

Sincerely,

Robert L. Denlinger  
Scout Executive
